**Changing Environments in the
Workplace and Creative Diversity**

**Course Philosophy: We are
moving away from a
multicultural workplace and
growing into the new
multicentric environment.**

**Realizing switching from
informational cultural frame
of reference to another in
multiculturalism is
fragmenting and frustrating**

**Becoming aware that
multicultural concepts
such as race are
out-moded and
socially divisive and
scientifically wrong**

**Hands-on process to see how
diversity arises from an
ecologically perceived, connected
environment**
